Remark 1	Energy labels in your language are available in the Service Area sub point Download
Suitable for lamps from EEC	E
Suitable for lamps up to EEC	A++
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric

The square high-voltage version of our NEW TRIA downlight series is available in matt white, matt black and brushed aluminum colour version to be equipped with two illuminants. The generously chosen rotation and tilt range of the spot guarantees the individual orientation of light, whether your light source of interest is halogen or LED retrofit. To operate the NEW TRIA downlights you only need a matching transformer providing 12V alternating current. This luminaire is compatible with bulbs of the energy classes: E - A++
