The rigid LED recessed spot, TRITON MINI, is made of aluminium and is an LED light solution for applications where point accent lighting and low installation depth is needed. The pure-white 1W power LED provides the required illumination strength. To operate, the spot needs a suitable constant current driver rated at 350mA. Available in housing colours white and black. This luminaire contains built-in LED lamps. EEI: A - A++. The lamps in the luminaire cannot be replaced.
