| Suitable for lamps from EEC  | A   |
| Suitable for lamps up to EEC | A++   |
| Light distribution type 1    | direct  |

The single-spot pendant LEFA1 is characterized by its high performance warm-white COB LED. Edged into partly frosted glass shade the incorporated LED is powered by the also integrated constant current driver. Thus, the electrical connection can be made directly to 230V. To extend the series we also offer a wall and ceiling light as well as a downlight version. This luminaire contains built-in LED lamps. EEK: A - A++. The lamps cannot be changed in the luminaire.
