Adjustable spotlight KALU TRACK QRB111 with suitable adapter for the 1-circuit high-voltage track system. Conceived as an extension of the popular KALU series, this new spotlight takes on the shape of the product family. The combination of incorporated adapter and transformer ensures operation of low-voltage light sources on a high-voltage rail. To meet all lighting requirements, we additionally offer versions with GX53 socket and with Philips LED modules for the 1- and 3-circuit systems. This luminaire is compatible with bulbs of the energy classes: D - A+
