High-voltage display luminaire for wall and ceiling installation of the NEAT FLEX series where clamp and lamp head are connected via a flexible arm. The assembled and adjustable GU10 lampholder make it suitable for many different applications. NEAT FLEX is supplied ready for direct connection to 230V mains supply via connection lead with incorporated mains plug. We alternatively offer a recessed version. In both versions, a decorative ring for many lamp types with 5cm in diameter is included. This luminaire is compatible with bulbs of the energy classes: E - A++
