High-voltage display luminaire for wall and ceiling installation of the NEAT FLEX series where clamp and lamp head are connected via a flexible arm. The assembled and adjustable GU10 lampholder make it suitable for many different applications. It can be mounted directly to recessed boxes with a hole spacing of 58mm. NEAT FLEX is supplied ready for direct connection to 230V mains supply. We alternatively offer a version with display clamp. In both versions, a decorative ring for many lamp types with 5cm in diameter is included. This luminaire is compatible with bulbs of the energy classes: E - A++
