Adjustable display luminaire of the DIO FLEX PLUG series where adaptor and lamp head are connected via a flexible arm. A special feature of the series is the installation by simply plugging into suitable wall sockets. The incorporated GU10 lampholder and pre-installed switch make it suitable for many different applications. The electrical connection of the luminaire is made directly via 230V mains supply. We alternatively offer versions with GX53 and GU10 lampholder. This luminaire contains built-in LED lamps. EEK: A - A++. The lamps cannot be changed in the luminaire.
