The double-headed version of our wall light CAMARA is made from chrome-plated aluminum and is equipped with two frosted glass cylinders. Thanks to the incorporated E14 lampholders, the fitting is suitable for energy-saving and incandescent lamps. Available with either one or two lamp heads, this wall light is suitable for direct connection to 230V mains voltage. In addition, it is rated IP44 and thereby allows the installation in damp areas. This luminaire is compatible with bulbs of the energy classes: E - A+
