Remark 3	Energy labels in your language are available in the Service Area sub point Download
Suitable for lamps from EEC	C
Suitable for lamps up to EEC	A+
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric

With the plaster lamp GL 108 INDI, you own a highly individual ceiling luminaire with puristic design. Prepared for the use of low-voltage halogen lamps, a suitable transformer providing 12V alternating current is required for operation. Some sandpaper is included in the package and used for surface cleaning. After priming it can easily be painted over with standard wall paint. This luminaire is compatible with bulbs of the energy classes: C - A+
