

COUPA FLEXLED wall lamp

chrome, satined glass, 1x G9 max. 40W, 3W LED, 3000K

Article number	149452
Catalogue	BIG WHITE 2015, Page 145
Type of lamp	LED lamp / Conventional lamp
Lamp	G9 230V max. 40W (excl.) & 3W PowerLED (incl.)
Lampholder / Socket	G9
Number of light sources	1
Lamp included	No
Width	20 cm
Height	24 cm
Depth	13 cm
Net weight	1.212 kg
Gross weight	0.517 kg
Voltage	230 Volt
Max. wattage	43 Watt
Protection class	I
Material	steel / glass
Colour	chrome / white
Way of mounting	surface wall mounting
Remark 1	Length goose neck: 21,5 cm. Maximum lengthh of bulb: 9 cm
Remark 2	LED driver incorporated
Remark 3	Including two separate ON/OFF-switches
Remark 4	Energy labels in your language are available in the Service Area sub point Download
Average lifespan	30000 Hours
Colour temperature	3000 Kelvin
Colour rendering index	80
Luminous flux	125 lm
Suitable for lamps from EEC	D
Suitable for lamps up to EEC	A+

Suitable for
lamps from EEC A

Suitable for
lamps up to EEC A++

Light distribution
type 1 direct-indirect

Light distribution
type 2 direct

Light distribution
type 3 rotationally symmetric

Light distribution
type 4 axisymmetric

The COUPA FLEXLED wall luminaire offers a mixture of chromed steel and glass elements. Beside the main light source it is equipped with a LED reading light of 1W output in warmwhite light colour. In keeping with the overall design, two switches for individual control of both light sources are pre-installed. The chosen angle of the LED reading light ensures almost glare-free light and thereby provides a pleasant and relaxing lighting experience to the user. Thanks to the flexible arm, it can be aligned easily. The G9 lamp holder placed behind the shade and the already incorporated LED driver make COUPA FLEX ready for direct connection to 230V mains supply. This luminaire contains built-in LED lamps and has sockets for bulbs of the energy classes: EEC: D - A+. The LED lamps cannot be changed in the luminaire.
