The Q-LINE WALL wall luminaire is optionally available with an either white or aluminum-painted housing with matching end caps in anthracite, or chrome finish. An underneath attached, acrylic glass provides glare-free lighting properties. Designed for T5 fluorescent tubes with an output of 35W, the incorporated ballast makes Q-LINE ready for direct connection to 230V mains supply. Using the optionally available longitudinal connectors, several Q-LINE fittings can be connected in only a few steps. This luminaire is compatible with bulbs of the energy classes: A - A+
