Light distribution type 3	axisymmetric

Our LONG GRILL ceiling luminaire captivates by clean lines and is designed for the use of two energy-saving T5 fluorescent lamps. Thus, it provides you with the optimal light conditions for efficient and at the same time stylish use. A suitable dark-light grid according to DIN standard that allows an optimal illuminated workstation with absolutely glare-free illumination properties is included. Due to the already incorporated ballast, the LONG GRILL ceiling luminaire is ready for direct connection to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: A - A+
