| Suitable for lamps up to EEC | A+                                                                                  |
| Light distribution type 1    | direct-indirect                                                                     |

The SPHERE WIRE pendant luminaire for the low-voltage wire-system contains a satined crystal ball. The incorporated G4 socket makes SPHERE WIRE suitable for halogen lamps. The maximum distance between the wires is 10 cm. This luminaire is compatible with bulbs of the energy classes: C - A+
