The wall luminaire ASTINA OUT ESL is made from aluminum and a glass that covers the bulb. Thanks to the position of the two installed lampholders, ASTINA OUT ESL produces two equal but oppositely arranged light beams (UP/DOWN). Rated IP44, it is suitable for outdoor use. Available in different colour versions, the electrical connection of the luminaire is made directly to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: B - A++
