Manufactured from aluminum, the PC surface of our floor luminaire of the ALPA II series is surrounded by an even-coloured grid. Rated IP55, it is suitable for outdoor use. As optional accessory we offer suitable spikes, concrete anchor sets, hanger bolt sets and a junction box for secure electrical connection within the round bollard. The electrical connection is made directly to 230V mains supply. The ALPA II series further includes wall luminaires making it universally applicable. This luminaire is compatible with bulbs of the energy classes: A - A+
