The PHOTONIA table lamp is made of aluminium and transparent glass, which completely encloses the lamp. Thanks to the position of the built-in sockets, the installed luminaire produces a homogeneous cone of light. With protection class IP44, it is suitable for outdoor use and is also equipped with an extra long connection cable with open cable ends. The electrical connection is made directly to the 230V mains supply. This luminaire is compatible with bulbs in energy classes: E - A++
