

Light sourceLEDWork equipmentWithoutConnected load22 - 26 V; DCPower consumptionca. 32 WLuminous fluxapprox. 2.280 lmLuminous efficiencyapprox. 71 lm/W

Light type/-colorDaylightColour temperaturapprox. $5.600 \, \text{K}$ Color rendering index $\text{CRI} \geq 80$

Light distribution Direct; Symmetric

Beam angle90°Chromaticity tolerance LED< 5 SDCM</th>Luminance (L65)≤ 13.000 cd/m^2 System of protectionIP 68 - 1 m / IPX9

Class of protection

Light source cover

Weight (net)

TechnologySwitchable; -OperationExternal

Housing Aluminium; Anodised; Aluminium coloured

anodised Borosilicate ca. 4,2 kg

Mains lead Built-in plug; RSFPM 5/0.5 M

Design mounted version

Fastening Mounting rail; Tap hole 2xM6

DimensionA=770mmMaximum ambient temperature55 °CDecorative contrast side partsMetallic silver

Special features Light forming; Connection on the side
