#### Martina

Adjustable spotlight. Configuration: turned and anodized (raw or painted) aluminium structure with stainless steel adjustable bracket. Glass dilffuser: transparent or sandblasted with silkscreen border, fixed through a robotic gluing system. Double layer coating for high resistance to corrosion: the aluminium components are painted with a double coat using powders which are compliant with QUALICOAT standards: a first layer of epoxy powder (with excellent chemical and mechanical resistance) and a second finishing layer of polyester powder (resistant to UV rays and atmospheric agents). The entire painting process of the aluminium fitting starts from components which have been sand-blasted in advance to make the surface more porous and increase the adherence of the paint. Ares effects alkaline and acid washing to clean the surfaces completely, then rinses with demineralised water to remove any residue particles, subsequently a chemical conversion treatment is done to protect against rusting. Protection rating: IP67. In compliance with EN60598-1 standards. Class of insulation: III. Installation: the luminaire is equipped with 2000mm cable. Martina 24V and Maxi Martina 24V are equipped with a dc/ dc highly efficient resin-coated converter that removes electromagnetic interference and protect against polarity reversal and sudden voltage peak. Parallel wiring required. Mini Martina, Martina RGB and Maxi Martina RGB requires connection in series. We recommend the use of a connection system with a protection degree greater than or equal to the protection degree of the luminaire.

# MiniMartina RGB Power LED / Sandblasted Glass - Adjustable

### IP67 ♥ � C €

#### Available Colors for this Version

8. anodized aluminium

#### Warnings

#### Projector

Ceiling lamp.

Wall lamp.

Floor installation

Pre-wired with approx 2000mm of cable.

Remote device required

Protection against impact. IK 05 - 0,70 joule MiniMartina IK 07 - 2,00 joule Martina/MaxiMartina

#### **Product Code Details**

## 10517300

Light Source

RGB POWER LED 3,4W/3CHx350mA
Total power 3,4W
Remote electronic power supply to be ordered

Code: 136 Ground spike H 200 mm

Code: 141 Supported n. of lamps: 10 Power supply with DMX interface for RGB fixtures 36W/220÷240V-3CHx350mA (3CHx10x1W) DMX control allowed IP67 CLASS I SELV EQ.

Code: 142 DMX Controller Dimmer switch for recessed box (60 mm hole centres)

Code: 143 DMX Controller Stand-alone/PC interface

Code: 187 DMX splitter Eelectronic device to regenerate the DMX signal. 1 input and 7 output. 12÷24Vdc Power supply to be ordered (87 or 175 recommended)

Code: 186 DMX cable Shielded twisted pair with 110 Ohm constant
