Le Perroquet - Projector complete with 150 W HIT control gear

Product code:

3150

Technical description:

Die-cast aluminium and thermoplastic suspended luminaire. Le Perroquet indirect light luminaires are available with a discharge light source and optics controlled by a special flow conveyor which directs the luminous emission onto the reflector panel. The bracket and base plate coupling system comprises steel cables L=1800 mm which are attached to the top of the reflector panel with special quick coupling devices featuring a continuous friction mechanism. Coloured filters are available as an accessory.

Installation:

Fitted to the ceiling by means of the base provided.

Dimension:

790 x 2540 mm

Colour:

Grey (15)

Weight [Kg]:

10,7

Mounting:

Ceiling pendant

Wiring:

Contained inside the luminaire.

Notes:

Complete with protection glass, capacitor and flow conveyor. Complete with adjustable suspension cables, base and power-supply cable.

Complies with EN605981 and pertinent regulations
