Le Perroquet - Projector with 150 W HIT Spot control gear

Attention! Code out of production

Product code:

3244

Technical description:

Die-cast aluminium and thermoplastic suspended luminaire fitted with a multi-phase adapter for electrified tracks. The suspension system is made up of steel cables (L=2000) and provides simple mechanical anchoring. Rotation and inclination movements may be locked mechanically to guarantee precise positioning of the light beam - also during maintenance operations. Various accessories are available, such as adjustable flaps, wall-washer screen, UV filter, refractor for the elliptical distribution of the light flow and coloured filters. IP40 for optical assembly.

Installation:

Fitted to an electrified track by means of a multi-phase adapter.

Dimension:

D=214 mm H=366mm L=2470 mm

Colour:

Grey/Black (74)

Weight [Kg]:

5,1

Mounting:

Three circuit track pendant

Wiring:

Contained inside the luminaire.

Notes:

Complete with adjustable suspension cables and power-supply cable.

Complies with EN605981 and pertinent regulations
