Le Perroquet - Projector with electromagnetic transformer 50 W QR CBC 51

Attention! Code out of production - 2012

Product code:

4850

Technical description:

Die-cast aluminium and thermoplastic material projector with adapter. It can be rotated by 340° with respect to the vertical axis and inclined by +/- 100° with respect to the horizontal axis. Rotation and inclination movements may be locked mechanically to guarantee precise positioning of the light beam - also during maintenance operations. IP40 for optical assembly with optional glass diffusers.

Installation:

Track mounted or ceiling/wall mounted by means of the special base to be ordered separately.

Dimension:

D=89 mm H=208mm L=162 mm

Colour:

White (01)|Grey/Black (74)

Weight [Kg]:

1,2

Mounting:

Three circuit track

Wiring:

Complete with electromagnetic transformer for 50W 12V dichroic halogen lamps inside the fitting.

Notes:

The luminaire becomes IP40 with the use of accessory glasses. For the photometric data of the fitting, refer to the photometric characteristics of the light source.

Complies with EN605981 and pertinent regulations
