## Medium body spotlight - warm white - electronic ballast and dimmer - medium optic

## Product code

MR07

## Technical description

Spotlight made of die-cast aluminium and thermoplastic material. The luminaire can be rotated by $340^{\circ}$ about the vertical axis and tilted by $+/-100^{\circ}$ in relation to the horizontal plane. Hi-precision beam aiming is guaranteed by screw-operated mechanical locks, graduated scales and friction controls. The spotlight is equipped with a die-cast aluminium ballast unit for wall or ceiling mounting. Luminaire for high output LED lamp with monochrome emission in a warm white colour tone (3000K). Dimmable electronic ballast. Equipped with an accessory holding ring designed to contain a flat accessory. Another external component can also be applied, selected from directional flaps and an asymmetric screen. All external accessories rotate $360^{\circ}$ about the spotlight longitudinal axis.

## Installation

Wall or ceiling-mounted.

## Dimension (mm)

Ø156x215

## Colour

White (01) | Grey (15)

## Weight (Kg)

0.9

## Mounting

wall arm|wall surface|ceiling surface

## Wiring

The dimmable electronic components are housed in the luminaire.

## Product configuration: MR07
