### spotlight - warm white wide flood optic

### Product code

N355

#### Technical description

Adjustable spotlight with adapter for installation on mains voltage track for LED source with CoB technology, Warm White (3000K) emission. Electronic control gear housed inside the track-mounted power supply box. The luminaire is made of die-cast aluminium and thermoplastic. OPTIBEAM superpure aluminium reflector with high luminous efficacy and uniform distribution, wide flood optic. Features 90° inclination on the horizontal plane and 360° rotation around the vertical axis, with mechanical locking device for aiming. Passive cooling system. Possibility of installing a refractor, to be ordered separately, for elliptical light beam distribution.

#### Installation

The luminaire can be installed on a standard electrified track or on an appropriate channel incorporating an electrified track.

### Dimension (mm)

Ø86x189

### Colour

White (01) | Black (04)

### Weight (Kg)

1.12

### Mounting

three circuit track|ceiling surface

## Wiring

product inclusive of electronic components incorporated into the track-mounted box.

Complies with EN60598-1 and pertinent regulations

for optical assembly

### Product configuration: N355
