### Minimal initial module - General Up/Down Light - L 1208

#### Product code

Q368

#### Technical description

Initial profile in extruded aluminium - Minimal (frameless) version for flush with ceiling mounting and up-down emission; methacrylate opal lower screen (diffused general light); screen set up for connecting several lengths by overlapping. Methacrylate diffusing screen for upper emission. Light flow split into approx. 70% down / 30% up.

#### Installation

Installation can be pendant-mounted using suitable accessories to be ordered separately. The initial modules can be used individually for various applications if completed with accessory caps and the required LED module.

#### Dimension (mm)

1208x91x105

#### Colour

Aluminium (12)

#### Weight (Kg)

3.1

#### Mounting

wall surface|ceiling pendant

#### Wiring

Set up to house the up-down LED modules required by the system.

#### Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations
