Initial module - Frame Down - General Light - L 612

Product code
QA84

Technical description
Initial profile in extruded aluminium - Frame version with contact frame; methacrylate opal screen for diffused general light; screen set up for connecting several lengths by overlapping.

Installation
Recessed using the brackets on the profile. The initial modules can be used individually (stand-alone), if completed with accessory caps and the required LED module.

Dimension (mm)
612x75x100

Colour
White (01)

Weight (Kg)
1.41

Mounting
ceiling recessed|ceiling pendant

Wiring
Set up to house the LED modules required by the system.

Notes
Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations

IP20
