

HALOSCAN 179 FOR LED GE

The diffuse light that Haloscan casts on a ceiling creates a unique universe. Its shape reminds us of the ring of light which sometimes appears around the eclipsed sun or moon. As it is directional, it can be easily fitted in any room. The Haloscan 179 for LED is an upgraded version of our classic Haloscan fixture. Combined with the M-LED 111 module, Haloscan 179 for LED now gives you a wide variety of lighting colours and beam angle combinations.
