

SOUFFLÉ SUSPENSION DOWN LED TRE DIM GI

Its amorphous shape makes Soufflé, a dimmable ceiling fixture, highly reminiscent of a ring-shaped cake. The lamp proves that organic shapes are not only found in nature. The light filter allows the light to shine from the depths of the fitting, creating a mysterious atmosphere above your dining table or kitchen island. Soufflé is available in surface-mounted or suspended versions, with the light either shining downwards or both upwards and downwards.
