

NUKAV LED

We now offer a wide selection of orientation lighting, which includes Nukav. Nukav means 'edgy', to be taken quite literally. This is also the characteristic feature of this sleek square: it is literally missing a corner. The light is recessed a little deeper in the corner, making the oblique polycarbonate panel illuminate. The fixture can be positioned in any direction for a playful effect. Designed by Couvreur & Devos.

Art Nr. 12300032

SPECIFICATIONS

| | |
|----------------|-----------------------------|
| Lamp | 1x high power LED 230V 4.3W |
| Gear / Transfo | transfo/gear not required |
