

HIPY 110 ANTI GLARE IP67 LED GE

With its IP67 rating and LED light source, Hipy is the perfect outdoor ground spot. Since the light beam does not generate any heat, you can safely walk over it barefoot, like a true hippy. Hipy is available in round and square variants. Besides the traditional Hipy, we also offer an asymmetrical version, which makes an ideal facade spotlight. Last but not least, Hipy is also available with sunglasses, i.e. an anti-glare grid. Hipy now comes with updated LED, featuring some slight visual differences: our Hipy 70 model is fitted with a full-size reflector and Hipy 110 features a smaller, central reflector.
