

TRAPZ 1X R7S

With their indirect lighting and subtle shadow effects, wall fixtures are undoubtedly atmosphere creators. Trapz, our organic interpretation inspired by a trapezium, is no different. The flattened cylinder has been finished with two oblique openings, which allow you to see the contrasting interior of the luminaire and immediately create an unusual chiaroscuro effect. New colour combinations extend the Trapz LED range. Metallic blue - alu, silkey grey - champagne, cacao bronze - black are bringing an even more authentic feel into the room.
