

## SPLIT MEDIUM LED

Split is the result of improved folding techniques. It is a wall-mounted up- and downlighter which consists of a single folded plate with a fine slit from which the light radiates. Split's asymmetrical design makes it ideal for areas that would benefit from atmospheric lighting, such as living rooms, bedrooms or hallways. Available with a white or black structure and a white, black or gold interior which ensures a warm glow of light.

Art. Nr. 12602129

### SPECIFICATIONS

|                |                           |
