

KURK 178 IP40 LED RG

After Scotty and Spock, we now have Kurk, another new resident in the LED disc fittings universe. Kurk's unique, luminous LED disc is a little simpler than that of its brothers. There are eight integrated lighting points which combine into one homogeneous beam. Its extremely low mounting height makes it very easy to install. Kurk surface is the mounted model in the family, which allows you to play with black and white contrasts.
