

LOWIEZE HIGH IP54 1X LED GI

Lowieze is a highly versatile outdoor luminaire and comes in two heights. The lower is perfect for enlightening a pathway. The higher version is better equipped for highlighting garden features. Form blends in perfectly with its function. The cylindrical light units can rotate fully around the body, which is also a cylinder, and can therefore be used as uplighters or downlighters independently of each other. Available with one or two light units.
