

MÉDARD CEILING LED GI

Nature is always the best inspiration for great designs. The insect stick inspired the Dutch design agency Bleijh in the design and creation of Médard. The quirky nature fits the Modular DNA. Médard is highly versatile thanks to its orientable head. The track mounted and ceiling mounted versions are the perfect example of the architectural lighting portfolio of Modular. Médard is LED dedicated and powerful enough to accentuate objects in the room. Also great company to have next to your bed or on your desk.
