

REKTOR LED GI

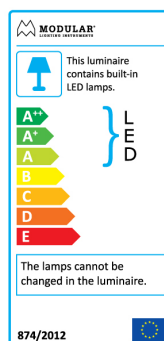

With a name derived from the Latin word for "ruler", Modular's Rektor range of LED lighting has every quality of a leader. Winner of the 2014 Henry Van de Velde design award and created in collaboration with Couvreur.devos, Rektor showcases the distinguished effects of right angles, accented light direction and no visible wires. Rektor is now also available in 2-lamp surface-mounted spotlight units, for greater illumination and even more interesting adjustable lighting effects. Draw attention, direct the gaze and craft an unmistakable architectural ambience with Rektor 2x LED, offered in 7 colours with a metal housing cover accent.
