

2FLAT2C SUSPENDED TL5 POLY UP/DOWN GI

With a height of just 34.5 mm, 2FLAT2C really lives up to its name. Nonetheless, this suspended, sleek profile is extremely versatile: the design allows you to combine functional and accent lighting. For example, you can integrate (directional) spotlights into the fitting or opt for fluorescent lights and a diffuser. It is also an elegant solution to bring extra cabling into a room without drilling holes in the ceiling.

Art. Nr. 93160322
