

SL MINI NAKED SUSPENDED TL5 SLS DOWN GI (1207MM)

SL mini naked differs from the rest of the SL mini family. The name says it all: the light sources, SLS lamp and/or LED spotlights are visible in a coloured U-shaped inner casing. SL mini naked is well appreciated for its sleekness and elegance in the space. Be creative with colours, lengths, light sources and positioning. SL mini naked is available in fixed lengths, but is also customizable.
