Cloudbreak CC Sconce.V1 / eb.gt is a flush mounted sconce with one-of-a-kind finishes and textures. It is part of our Claire Concepts category, an evolving exploration in lighting that concentrates on the unique and experimental.

The **CC Sconce.V1 / eb.gt** has a brass back plate patterned with a sea inspired etching, hand drawn by Andrea. Etched brass comes in Natural Waxed or Tamarind Patina finish.

Glass diffusers come in either Grey Optic Twist (gt) or Opal & Alabaster (oa). Representing the white water of crashing waves, each piece of glass is finished with three rolls of glinting silver leaf. It's unique textures and sea inspired themes will bring ocean inspired design into any project type.

Named after Fiji's famous "Cloudbreak" surf spot, this collection takes cues from the wild colors and shapes of the corals that create these incredible waves. Our cast porcelain clouds mimic the ends of the Stylaster species of coral, which is common in Fiji. The glass diffusers reveal swirls and white-water like patterns and the sea themed etched metal completes the flow of an otherworldly interplay of texture, light, and shadow.

Materials

Glass
Brass

Dimensions

6"H x 4-1/4"L x 4"W
(15.25 H x 10.5 L x 10 W cm)

Weight

1.2 lbs (0.54 kg)

Metal Finish Options

- Etched with Tamarind Patina and waxed
- Etched and waxed

Glass Finish Options

- Opal White & Alabaster (oa) with Silver Leaf
- Grey Optic Twist (gt) & Silver Leaf

Lamping

(1) 1w G4 LED bulb
12 Volts / Dimmable
UL listed components
180 lumens total, 2700k

Cost

List and trade pricing are available upon request

Comments

For indoor use only
10-12 week lead time
Bulbs & transformer included (US only)
