

FormaLa

ACCNFRM.W1621

A ribbon of light made of harmonic steel that can be positioned in an infinite variety of configurations: straight or curved lines, symmetric and asymmetric, open or closed, FormaLa is a wall and ceiling lamp for interiors with direct or indirect lighting that can be dimmed using traditional controls or voice commands. Available in four lengths, two colours and with a built-in or remote power supply, it can also come with a diffusor accessory, comprising a thin sheet of silver screen-printed opalescent polycarbonate to cover the led sources and soften the light. The FormaLa family of luminaires is protected by a patent.

Characteristics

Material	Steel, Technopolymers
Finish	Black RAL 9005
Configuration	Ceiling, Wall
IP rating	IP 20
Insulation class	1
Lamp/Led	LED
Power supply	included
Dimming	Phase-cut
Watt	24W
Volt	220-240V
°K	2.7K
Emission	Indirect
Lumen	2200 lm
CRI	CRI 90
Version	1 module
Length (mm)	1280
Diameter (mm)	65
Certifications	CE, UKCA

Color: Black RAL 9005
