

LBS

Suspension direct/diffused emission

code LB031.830D

Ø
(735-1035-1335)

PRODUCT DESCRIPTION

LBS is a thin band of extruded aluminium section and it is possible to install it in many different ways. It consists of basic modules and, depending on the way they are assembled, it can be arch shaped (to be installed on a wall), circular shaped (to create swinging, ceiling and trimless recessed fixtures) or it may have a curving shape (to form a band which twists and turns on the ceiling, for instance). The extruded part, representing its body, is drawn in such a way to be able to house the linear LED light source, shaded with a white opal diffuser, both on the inside vertical side and therefore to give out light on its horizontal axis, and on its narrower and horizontal side and consequently to give out light on its vertical axis (indirect one). It is also available in ceiling, pendant and trimless recessed version with diffused direct light emission. Additionally, LBS also allows to make use of directional projectors, that can be hooked and wired to the profile.

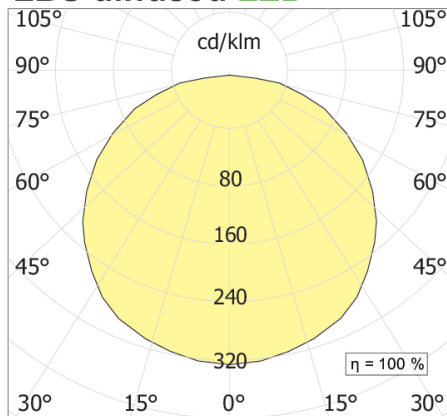

PRODUCT FEATURES

Mounting method	suspension
Lamps	LED
Wattage	1x48W
Color temperature	3000K
Color rendering index	80
Finishing	white / black
Source luminous flux	3358lm
Luminous flux	3358 lm
Fitting efficiency	70 lm/W
Ballast	included
Dimmable	dali touch & dim
Energy efficiency class	A+
Dimension	D 735 MM
Grado IP	IP40
	No

ACCESSORI NON OBBLIGATORI

LB420	canopy 230V
LB421	canopy for housing driver
LB428	canopy for plasterboard false-ceiling
LB403.4	power cable
LB405.4	power cable
LB409.4	power cable
LB403.2	power cable
LB405.2	power cable
LB407.2	power cable
LB407.4	power cable
LB409.2	power cable

LBS diffused LED

EN605981 compliant
