

Ceiling light

S6298

Height: 95

Width: 73

Lighting: LED

The S 6298 impresses with its elegant and unusual design with curved wooden elements in which the LED technology is flush-mounted. Its striking, organically inspired shapes make it a real highlight in modern interiors. With a width of 73 cm and a height of 95 cm, this lamp ensures harmonious light distribution and is ideal for representative areas such as restaurants, lounges or reception rooms. The natural wood colors underline its warm appearance, while the indirect light creates a cozy atmosphere.
