Table lamp

S7999

Height: 30

Width: 22

Lighting: G9, LED

Shade: round

Shaft: round

The S 7999 table lamp combines classic elegance with modern lighting aesthetics. The striking alabaster lampshade is the heart of this extraordinary lamp. When unlit, it presents an appealing marble look that gives the room a timeless sophistication. As soon as the lamp is switched on, the lampshade creates a warm, diffuse lighting effect that creates a cozy and inviting atmosphere. The harmoniously coordinated round shaft underlines the clear, stylish design and forms a subtle contrast to the characterful lampshade. Perfect for rooms that require a unique yet understated light source. The S 7999 is a lamp that impresses in both modern and classic interiors.
