

XT-A CEILING 240x15 DL white/white dimmable XA52-3

TECHNICAL SPECIFICATIONS

Mounting method	Pendant
Light emission	62% direct / 38% indirect
Level of light output efficiency	100 %
Luminaire luminous flux	9000 lm
Color temperature	3500 K
Power consumption (maximum)	125 W
Colour rendering index (CRI)	>80
Complies with EN12464	Yes
UGR	14
Rated voltage (range)	220-240 V / 120 V
Power frequency	50-60 Hz
Housing material	aluminium
Type of lamp control gear	Driver
Connection cable (number of cores)	5
Energy efficiency	A - A++
Dimmable	Yes
Type of Dimmer	1-10 V
Material of the grid	plastic
Length	2360 mm
Width	150 mm
Height	35 mm
Suspension length	30-100 mm
Fire protection "F"	Yes
