# CONCEPT TOBI

Les Tobi rendent hommage à la philosophie du jardin japonais dans laquelle pierres et rochers jouent un rôle essentiel. Délicatement sculptés dans la stéatite, ces luminaires posés dans le jardin illuminent subtilement les végétaux.

/The Tobi collection pays tribute to the japanese garden phylosophy in which the stones play an essential role. Delicately carved into the steatite stone, these light fixtures while seated on the garden floor, illuminate subtly the landscape.
