

Flutterby
INGO MAURER 2016

Ten hand-made butterfly models flit around the bulb. Flutterby is a limited edition of 200 pieces. The ring is a 3D printed part, the serial number is imprinted in the shade. The amazingly beautiful light object is available from summer 2016. When choosing the insects for Flutterby, Ingo Maurer picked several black and white butterflies like the Black Swallowtail and the Rice Paper Butterfly but also the Blue Morpho, and a small Brown Moth.
