

Loop
MICHEL SEMPELS 2015

Loop combines the unique, magical beauty of the incandescent bulb with cutting-edge LED technology. It is slender and light, made of a stainless steel wire. Stainless steel, brass, aluminium, plastic. The LED spot swivels through 360° on an horizontal axis.

Light source

LED 4 W, 3000 K, 350 lm, CRI 90, not dimmable, EEC A+. The light source is not exchangeable by the user, but by specialists.

Technical data

Für 100 - 240 V, secondary 5 V.

More info

Available since February 2016. On display in our Munich and NY showroom and at Design Post Cologne. The rod at the cooling device is a touch sensor to switch Loop on or off.
