BGR 04  
black

BGR 04  
yellow

PGR 04  
light pink

The Cave is a lamp also a landscape, or rather a space, a cave, that allows light to reach and gently touch its walls. It is an object of contemplation, free of purpose except for showing us how light molds the spaces we live in and reveals the objects that surround us.

The Cave lamp is part of the Musée des Arts Décoratifs (Paris) collection.
