

XT-A CEILING 240x15 DL satin/black sensor

XA53-0

TECHNICAL SPECIFICATIONS

Mounting method	Pendant
Light emission	62% direct / 38% indirect
Level of light output efficiency	100 %
Luminaire luminous flux	9000 lm
Color temperature	3500 K
Power consumption (maximum)	125 W
Colour rendering index (CRI)	>80
Complies with EN12464	Yes
UGR	14
Rated voltage (range)	220-240 V / 120 V
Power frequency	50-60 Hz
Housing material	aluminium
Type of lamp control gear	Driver
Connection cable (number of cores)	5
Energy efficiency	A - A++
Dimmable	Yes
Type of Dimmer	Pushbutton pulse (digital)
Motion sensor	Yes
Sensors can be switched off	Yes
With constant light controller	Yes
Remote control included	Yes
Material of the grid	plastic
Length	2360 mm
Width	150 mm
Height	35 mm
Suspension length	30-100 mm
