

XT-A DIRECT 150x15 satin/white dimmable
XA74-1

TECHNICAL SPECIFICATIONS

Mounting method	ceiling-mounted (surface)
Light emission	direct
Light distribution	symmetric
Level of light output efficiency	100 %
Luminaire luminous flux	4530 lm
Colour temperature	3500 K
Colour rendering index (CRI)	>80
Complies with EN12464	Yes
Rated voltage (range)	220-240 V / 120 V
Power frequency	50-60 Hz
Power consumption (maximum)	63 W
Surface	satined
Housing material	aluminium
Type of lamp control gear	Driver
Ballast included	Yes
Colour of the grid	white
Connection cable (number of cores)	5
Energy efficiency	A - A++
Dimmable	Yes
Type of Dimmer	1-10 V
Material of the grid	plastic
Length	1530 mm
Width	150 mm
Height	35 mm
Fire protection "F"	Yes
