

XT-A DIRECT 150x15 satin/white sensor

XA75-1

TECHNICAL SPECIFICATIONS

Lamp holder	LED
Mounting method	ceiling-mounted (surface)
Light emission	direct
Light distribution	symmetric
Level of light output efficiency	100 %
Luminaire luminous flux	4530 lm
Colour temperature	3500 K
Colour rendering index (CRI)	>80
Complies with EN12464	Yes
Rated voltage (range)	220-240 V / 120 V
Power frequency	50-60 Hz
Power consumption (maximum)	63 W
Surface	satined
Housing material	aluminium
Type of lamp control gear	Driver
Colour of the grid	white
Connection cable (number of cores)	5
Energy efficiency	A - A++
Dimmable	Yes
Type of Dimmer	Pushbutton pulse (digital)
Motion sensor	Yes
Sensors can be switched off	Yes
With constant light controller	Yes
Remote control included	Yes
Material of the grid	plastic
Length	1530 mm
Width	150 mm
Height	35 mm
